

**BUILDING  
FUTURES  
BY...**

**The Big Yellow Foundation**  
We know that life sometimes can box people in. The Big Yellow Foundation helps vulnerable people find space to grow. A total of £160,000 was raised in 2018/19 through customer donations, Big Yellow matching those donations and employee fundraising.

# BEING A RESPONSIBLE PARTNER

**We operate responsibly and sustainably.**

Big Yellow is committed to responsible and sustainable business practices; we recognise that corporate social responsibility ("CSR"), when linked to clear commercial objectives, will create a more sustainable business and increase shareholder and customer value in both the medium and long term. People, Planet and Profit need to be aligned to make a sustainable business.

Our five key stakeholder groups are: the environment, customers, suppliers, employees and the communities we operate in.

Our Big Yellow Foundation helps support six charities who work with vulnerable people to help them get back into work so they can lead brighter lives. These groups include ex-offenders, veterans, refugees and individuals with physical or learning disabilities.

**Helping communities lead brighter lives**

Through our Foundation, by donating free space to 170 local charities, such as London's Air Ambulance Charity, and by asking our supply chain to work with social enterprises, we are pursuing a long-term commitment to helping the communities we operate in.

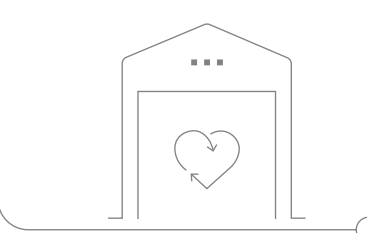

**Best Companies**  
Sunday Times 100 Best Companies to Work For 2019

**BounceBack**

BounceBack is one of the six charities supported by the Big Yellow Foundation and helps ex-offenders train and find work within the construction industry.

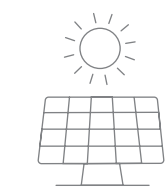

**£602,000**  
Donated
